

EnviroSafe

EnviroSafe Jumbo Eco-Bait Refill 3 Pack

EnviroSafe Eco-Bait is unique – a highly effective, non-toxic bait that is irresistible to flies, attracting them into the trap where there is no escape! Made from food-grade ingredients, EnviroSafe Eco-Bait is completely safe for use around your family, pets and home.

Description

The Jumbo Eco-Bait Refill 3 Pack is a cost-effective way to reuse your existing EnviroSafe Jumbo Fly Trap. Once your trap is full, simply empty its contents, rinse and rebait – Easy!

- Uniquely formulated EnviroSafe Eco-Bait
- Highly effective at catching a broad range of flies
- Non-toxic
- Environmentally friendly
- Harmless to pets
- Effective area over 300m²

How to Use:

1. Add contents from one sachet into EnviroSafe trap.
2. Fill trap to about a third of its volume with lukewarm water and swirl to mix.
3. Replace lid and set the trap outdoors, in direct sunlight, away from eating areas and house entry points.
4. Dispose of trap contents by burying a spade depth into the ground or a compost heap, or in a plastic bag in the waste bin.
5. Wash trap thoroughly, then to re-bait follow steps 1-3.

As flies carry disease, always wash your hands after trap maintenance.

For best results, change the bait in the trap every 2-3 weeks.
